Connecting THE GLOBE

**"A strong workforce begins long before the worker arrives -
it begins with disciplined sourcing."**

Nand Contracting and Hospitality Services maintains an established recruitment network across countries recognized for strong labor pools in construction, hospitality, logistics, warehousing, facility support and general operations. Our sourcing partnerships are built on long-term relationships with licensed agencies, enabling consistent quality control and faster turnaround on client requirements.

Each sourcing country is selected based on documented skill availability, trade certifications, cultural adaptability to Qatar's working environment, and workforce requirements. Our overseas recruitment teams conduct preliminary screening before candidates are shortlisted, ensuring only qualified profiles reach the final selection stage.

We support clients with manpower outsourcing and workforce solutions, helping them source suitable personnel according to operational requirements, project demands and workforce timelines.

About Us

Nand Contracting and Hospitality Services is a Doha-based contracting and integrated services company providing professional solutions across facility maintenance, civil works, technical maintenance, renovation, fit-out, property support, hospitality services, and outsourced manpower solutions.

We serve residential, commercial, hospitality and property-sector requirements with a practical, service-focused approach designed around quality, reliability, safety and timely execution. Our capabilities support both operational and workforce requirements, helping clients manage their properties, facilities, projects and manpower needs through one dependable service partner.

Our service capabilities cover both planned and responsive requirements – from preventive maintenance and routine property care to renovation, finishing, technical repairs, emergency support, and manpower outsourcing for hospitality, construction, logistics, warehouse and general support operations.

We believe successful contracting is built on more than completing a task. It requires understanding the client's requirements, maintaining clear communication, coordinating resources efficiently, and delivering work and workforce solutions to the required standards.

Our objective is to become a dependable service partner for property owners, businesses, hospitality establishments, facility operators, contractors and organizations across Doha and Qatar.

Message from Our Leadership

Founding Nand Contracting and Hospitality Services was driven by a simple belief — that clients deserve a service partner who listens first and delivers without excuses. Every property we maintain, every project we complete, and every workforce solution we provide carries our name, and that is a responsibility we take seriously.

SUMAYA AKTER

Founder & CEO

We have built this company around people, process and accountability. As we grow across Doha and Qatar, our commitment to quality, transparency and service remains unchanged. Whether it is contracting, maintenance, hospitality support or outsourced manpower, our focus is to provide dependable solutions that make our clients' operations easier and more efficient.

I am proud of the team we have built, and I look forward to strengthening our long-term partnerships and creating greater value for our clients.

My role is to make sure every service request from a routine maintenance visit to a full renovation project, property support requirement or manpower deployment — is planned properly, executed to standard and followed through to the client's satisfaction.

Our teams are trained to work with discipline, safety and respect for every site we enter. I am committed to strengthening our systems, our people and our client relationships so that Nand continues to be a name our clients can rely on, every time.

For our manpower and outsourcing services, we focus on understanding the client's workforce requirements.

PRAGYA NAND RAI

General Manager

Our Mission

Our mission is to provide dependable contracting, maintenance, hospitality and manpower support services that help our clients maintain safe, functional, efficient and professionally managed properties, facilities and operations.

We are committed to

- ✓ Delivering quality-focused workmanship
- ✓ Understanding and responding to client requirements
- ✓ Providing reliable maintenance, technical and workforce support
- ✓ Maintaining professional communication throughout every assignment
- ✓ Supporting planned and emergency maintenance requirements
- ✓ Providing suitable manpower for operational requirements
- ✓ Promoting safe and responsible work practices
- ✓ Delivering practical solutions within agreed project requirements
- ✓ Building long-term professional relationships with clients and business partners

Our focus is simple: deliver the right solution, with the right level of professionalism, at the right time.

Our Vision

To establish Nand Contracting and Hospitality Services as a trusted and professionally recognized service partner in Qatar for Manpower Solutions, contracting, property maintenance, technical services, renovation, fit-out and hospitality support.

Our vision is to create lasting value for every property, project and client we serve.

Built Around Your Requirements

Every property, facility and project has different operational requirements. Our approach is therefore based on understanding the specific scope before planning the work.

Our Service Approach

1

Understand

We identify the client's requirements, site conditions, scope and priorities.

2

Plan

We develop a practical work approach based on the required service, resources and timeline.

3

Execute

Our teams and service partners coordinate the required works with attention to workmanship, safety and site requirements.

4

Inspect

Work is reviewed against the agreed scope and required finishing standards.

5

Support

We remain focused on responsive communication and ongoing service requirements.

Our Commitment

We aim to provide solutions that are practical, transparent and suitable for the operational needs of our clients.

Our Core Services

Nand Contracting and Hospitality Services delivers integrated solutions for residential, commercial, and hospitality properties. Our core services include facility maintenance, civil and construction works, painting and decoration, gypsum and false ceiling works, technical maintenance, renovation and fit-out, hospitality and property support, and manpower outsourcing solutions.

We combine skilled professionals, quality workmanship, reliable service and workforce support to meet diverse property, project and operational requirements efficiently and professionally.

Construction & General Labour

Drivers & Transport Support

Warehouse & Logistics Workforce

Facility and Building Maintenance

Effective maintenance protects property value, improves functionality and helps minimize unexpected disruptions.

Our facility and building maintenance services are designed to support residential, commercial and property-sector requirements.

Our Services includes

- Building Maintenance
- Villa & Apartment Maintenance
- Commercial Property Maintenance
- Preventive Maintenance
- Corrective Maintenance
- Emergency Maintenance
- Annual Maintenance Contracts (AMC)
- General Property Maintenance

Maintenance Support

We can support clients with planned maintenance programs as well as responsive corrective works.

Our objective is to identify maintenance requirements early, address issues efficiently and help properties remain functional and well maintained.

SERVICE 03

Civil & Construction Works

We provide civil and construction support for residential, commercial and property improvement requirements.

Our Services include

- Residential Building Construction
- Civil Works
- Brickwork & Blockwork
- Plastering Works
- Tile Installation
- Renovation Works
- Repair & Restoration
- Construction Finishing Works

Finishing & Restoration

From structural and masonry-related works to finishing and restoration requirements, we focus on practical execution and professional site coordination.

Our services can also support contractors and property stakeholders requiring specialized subcontracting packages.

Technical Maintenance Services

Reliable technical systems are essential to the operation of every modern property. Our technical maintenance services support essential building systems and day-to-day operational requirements.

HVAC & AC

- HVAC Maintenance
- Air Conditioning Maintenance
- AC Breakdown Support
- Preventive HVAC Services

Electrical

- Electrical Maintenance
- Lighting Maintenance
- Electrical Repair Support
- Preventive Electrical Services

Plumbing & Water Systems

- Plumbing Maintenance
- Water System Maintenance
- Water Leakage Repairs
- General Plumbing Support

General Technical Services

We provide coordinated technical maintenance support designed to help property owners and facility operators maintain operational continuity.

SERVICE 05

Renovation & Fit-Out Solutions

Property requirements change over time. Renovation and fit-out works provide an opportunity to improve functionality, appearance and usability.

Our Services Include

- Villa Renovation
- Apartment Renovation
- Office Renovation
- Shop & Commercial Renovation
- Interior Fit-Out
- Partition Works
- Ceiling & Flooring Works
- Complete Finishing Packages

From Improvement to Completion

Our renovation and fit-out capability can cover multiple stages of a project, allowing clients to coordinate civil, painting, gypsum, ceiling, flooring and finishing requirements through an integrated service approach.

SERVICE 06

Hospitality & Property Support

Hospitality Services

Hospitality environments require consistency, responsiveness and attention to operational details. We provide support services designed for hotels, restaurants, events and hospitality facilities.

- Hotel Support Services
- Restaurant Support Services
- Hospitality Operations Support
- Event Hospitality Support
- Guest Service Support
- Hospitality Facility Support

Property Support Services

We also support property owners and operators with ongoing property-care requirements.

- Common Area Maintenance
- Property Inspection
- Preventive Property Care
- Minor Repair Works
- Building Maintenance Support
- Facility Support Services

Our goal is to help clients maintain properties that are functional, presentable and operationally ready.

Painting, Decoration & Gypsum

Painting and Decoration

A professionally finished property creates a stronger visual impression while protecting surfaces and improving the overall environment.

- Interior Painting
- Exterior Painting
- Wall Painting
- Decorative Painting
- Texture & Feature Walls
- Repainting Works
- Surface Preparation
- Decorative Finishing

Gypsum & False Ceiling

We provide gypsum and ceiling solutions for residential, commercial and hospitality environments.

- Gypsum Board Works
- Gypsum Partitions
- False Ceiling Installation
- Decorative Gypsum Works
- Wall Partitions
- Ceiling Repair & Renovation
- Custom Gypsum Designs

Our solutions can be adapted to functional requirements as well as contemporary interior finishing concepts.

SERVICE 08

Emergency & Subcontracting Services

Emergency Maintenance

Property emergencies require a responsive approach and practical coordination. Our emergency maintenance support covers:

- 24/7 Emergency Maintenance Support
- Plumbing Emergencies
- Electrical Emergencies
- AC & HVAC Breakdowns
- Water Leakage Repairs
- General Emergency Repairs

We understand that maintenance emergencies can interrupt business and daily operations. Our focus is to respond efficiently, assess the requirement and coordinate the appropriate repair solution.

Project & Subcontracting Services

We also provide contracting and subcontracting support for organizations requiring additional project resources or specialized work packages.

Subcontracting Solutions

Our flexible approach allows services to be structured according to project scope and client requirements.

- Construction Subcontracting
- Finishing Works Subcontracting
- Painting & Decoration Packages
- Civil Works Subcontracting
- Maintenance Subcontracting
- Gypsum & Ceiling Packages

Why Choose Us?

➤ **One Service Partner for Multiple Requirements**

Our integrated service portfolio allows clients to coordinate multiple property, maintenance, construction and hospitality requirements through one professional service provider.

➤ **Comprehensive Service Capability**

From civil works and painting to HVAC, electrical, plumbing, gypsum, renovation and property support, our service scope covers a broad range of requirements.

➤ **Client-Focused Execution**

We focus on understanding the actual requirement before recommending the appropriate solution.

➤ **Responsive Support**

Maintenance issues can affect business operations and property performance. Our approach prioritizes timely communication and responsive service.

➤ **Quality-Oriented Work**

We place strong emphasis on workmanship, finishing quality and adherence to the agreed scope.

➤ **Flexible Service Solutions**

Our services can be structured for individual assignments, recurring maintenance requirements, renovation projects, subcontracting packages and ongoing property support.

➤ **Professional Coordination**

We aim to maintain clear coordination between clients, site requirements, service teams and project activities.

➤ **Qatar-Focused Operations**

Based in Doha, our services are designed around the requirements of residential, commercial, hospitality and property-sector clients in Qatar.

Our Organisation Structure

A Structure Built for Accountability →

2026

Nand Contracting & Hospitality Services operates through a defined organizational structure that ensures accountability at every level of client and worker interaction. Each department — from operations to HR, PRO, and accounts functions with clear responsibilities while coordinating closely to maintain seamless service delivery.

Our Recruitment Process

We follow a comprehensive recruitment methodology that combines industry expertise, rigorous candidate assessment, and strict compliance standards. This ensures our clients receive skilled, reliable, and job-ready professionals who contribute to long-term business success.

1

Recruitment Analysis

We understand client requirements, job roles, qualifications, and workforce needs to create an efficient and customized recruitment strategy.

Candidate Sourcing

We source qualified candidates through our extensive database, recruitment network, and trusted hiring channels for every requirement.

2

3

Screening & Shortlisting

Candidates are screened, interviewed, and verified before presenting only the most suitable profiles for client approval.

4

Interview & Selection

We coordinate client interviews, manage feedback, and finalize the best candidates based on project and company requirements.

5

Documentation & Visa Processing

We complete documentation, visa processing, medical tests, and government approvals while ensuring full compliance with Qatar regulations.

6

Deployment & Aftercare

Selected candidates are mobilized on schedule with continuous support, ensuring smooth onboarding, workforce integration, and complete client satisfaction.
